

Rvd. Patricia Rivadeneira
Seminary Director of Assemblies of God, Ecuador

*"Multiplication
Network has
become a strategic
blessing for the
fulfillment of the
Great Commission in
Ecuador."*

-Patricia Rivadeneira

**CENTRAL AMERICAN ENCOUNTER,
HONDURAS |**

The Central American encounter of church planting national leaders of the region was realized in this country. There were leaders, pastors, coordinators and supervisors of God's Church present in this meeting.

CHURCH PLANTING, PERU |

In Lambayeque, Peru, church planter trainees finished their first module of training this month. The Assemblies of God in Peru reported that more than 45 people are in training. Pray for the impact these 45 church planters will have on the northeastern region of Peru.

CHURCH PLANTING, ECUADOR |

In an indigenous region in Ecuador, 15 men and women came to hear about what God is doing in their nation through the Church. The attendees were encouraged to start the church planting process. Pray for wisdom and discernment as they pray with their families about becoming church planters.

NATIONAL CONVENTION, ARGENTINA |

Multiplication Network was invited to a National Convention in Argentina, "Grace in my Community." Church leaders and pastors came to be encouraged and trained in church planting. We look forward to seeing how God will use this event to grow His church in Argentina.

CHURCH PLANTING, ECUADOR |

More than 10 denominations gathered in Quito, Ecuador, last month for a church planting convention. This was a time of sharing what God is doing in Ecuador through His church and the need to continue the multiplication process. Pray for unity among Church leaders as they take God's message to their people.
