

Rubén Badaraca
Church Planting Coordinator - Church of God

“Multiplication Network (MNM) has a great strategy to revive the Church. There is a distinct mark in our history of before and after MNM. God is using MNM to change the history of the Church in Uruguay.”
– Rubén Badaraca

CHURCH PLANTING IN AFRICA |

Last month, directors and bishops representing nine countries in Africa participated in a seminar to learn about church planting through Multiplication Network (MNM). Pray for these leaders as they return to their home countries and share all they learned with other leaders.

CHURCH PLANTING IN PERU |

The Peruvian Church is experiencing tremendous growth as more leaders are trained. Within the past month, trainings were held in the cities of Villa María del Triunfo, Yarowilca, Chavinillo, Ciudad Blanca de Arequipa, Lima and Pueblo Libre! Pray as they participate in the trainings and begin their journey as church planters.

CHURCH PLANTING IN MEXICO |

Church leaders from the Reformed Presbyterian Church of Mexico continue to join the church planting movement in Latin America. At a seminar held in Cancun, the denomination set a goal to plant fifteen churches this year. Pray for the continued expansion of God's Kingdom in Mexico.

CHURCH PLANTING IN ECUADOR |

The Indigenous Church in Ecuador is growing. A new class of church planters from the Indigenous Baptist Association of Ecuador started church planter training with MNM. This denomination is specifically eager to learn more about discipling believers with the Word of God through this training process.

CHURCH PLANTING IN GUATEMALA |

God continues to grow His Church in Central America. Denominational leaders from the Church of God of the Prophecy representing seven regions within Guatemala are working through the first modules of church planter training.
