Country

### Testimony

Before I accepted Jesus Christ I was a Muslim and while studying in a college of the Islamic faith I realized things are not good and I began to follow closely but the authorities rebuked me for asking so many questions about faith, One day in our area, There was a gospel meeting (Crusade) and Jesus saved me but my father drove me away and said harsh words about me and later we got along and now I enjoy salvation and I enjoy serving God to the end of my life

### Prayer Requests

Children to be saved by the Lord Jesus Christ

May my ministry and gifts of manifestation and healing take place

I need to travel to the place where I serve to reach and encourage people to know God
