

How Generous Christians Save Taxes

Savvy Giving Options You Should Know!

Care to know a secret?

Generous Christians just like you are giving to Multiplication Network Ministries (MNM) in savvy ways that have tremendous Kingdom impact *AND* reduce their taxes!

If you own stock, real estate, business interests or commodities, you, too, can get in on the tax-saving action!

When you give non-cash assets to MNM, you will receive a fair market value deduction at the time of your gift. You'll also avoid tax liability on the sale of appreciated assets. It's more cost-effective than giving cash!

What's more, many supporters give non-cash assets to establish what's called a "life income gift." By doing so, you can eliminate taxes, give assets you no longer need or want to manage (such as real estate or business interests) *and* receive steady income payments for you and your loved ones. It's a great way to support MNM while caring for your family's needs.
