

MORE CHURCHES, STRONGER CHURCHES

Every day our shared vision to see a healthy church representing the Kingdom of God in every community is being carried forth.

This year the network of believers using the training you provide expanded to more than 38 countries. By God's grace and your provision we are strategically reaching our goal to be in 50 countries by 2020.

In 2014, we saw more churches planted than ever before. Through the year we shared countless testimonies of people coming to know the hope of Jesus through their local churches.

We also broke a lot of ground in the translation of our materials, placed 175,751 Chinese Bibles and had the amazing privilege of helping you invest your life into this important work of planting more churches and developing stronger churches.

TRAIN ONE, REACH MANY

Multiplication Network Ministries equips local leaders who already understand their culture, language and social networks, enabling them to share the gospel more effectively than someone from another country and culture.

We often “train-the-trainers” for entire denominations and associations so these workers can, in turn, train the church planters.

This collaborative approach allows us to reach many more people with our training and to multiply strategically.
