

# MORE CHURCHES, STRONGER CHURCHES

Every day our shared vision to see a healthy church representing the Kingdom of God in every community is being multiplied.

Multiplication Network Ministries (MNM) partners carried out what they learned in the training you helped provide as the work of God expanded to new countries and continents. Only because of the Lord's favor and your generous support did we strategically move closer toward the goal of being involved in 50 countries by 2020.

In 2015, there were 6,639 church planters active in either planting a new church or completing their training. Through the year we received multiple examples of people coming to know the hope of Jesus through a local community of faith — His Church.

We experienced the amazing privilege of helping you invest your resources into the important work of planting more churches and continuing to develop stronger churches.

## One Trained, A Thousand Take Flight

Multiplication Network Ministries equips local leaders who understand their culture, language and social networks, enabling them to share the gospel more effectively than someone from another country and culture.

We train the trainers for entire denominations and associations so these workers can, in turn, train other church planters.

This approach allows us to reach many more people with our training as we multiply.
